12 JANUARY  
2002

Dr Thierry De Ronde  
103, Mont-Godinne  
5550 Yvoir  
081/42.52.51

CONTINUING MEDICAL EDUCATION

GlaxoSmithKline

## Introduction

This year the Symposium of the Belgian Society of Digestive Endoscopy will focus on two hot topics.

Different approaches of endoscopic treatment for gastroesophageal reflux will be addressed with encouraging preliminary results. In an early future, these procedures should provide efficient alternative therapeutical tools

Technical advances in endoscopy allow to detect digestive cancers at an earlier stage. As a consequence, the adage "prevention is better than cure" is more than ever to be taken into consideration.

Welcome in Namur,

Dr Thierry De Ronde,  
for the BSDE.

Accreditation has been requested.

08.50 Registration/welcome coffee

## Morning session

### NEW ENDOSCOPIC TREATMENTS IN GERD

Chairs : V. LAMY, *CHU, Charleroi*  
D. URBAIN, *AZ, VUB*

- 09.15 Pathophysiology  
J. TACK, *KUL, Gasthuisberg*
- 09.45 Medical treatment  
M. DIEETJNE, *UZB*
- 10.10 Surgical results  
P. PATYNS, *UZ, Gent*
- 10.30 Coffee break
- 11.00 Injection technique  
J. DEVIÈRE, *UZB, Erasme*
- 11.20 Suture technique  
P. SWAN, *Royal London Hospital, London*
- 11.40 EndoCinch procedure : Belgian results  
P. CAÏNEPEEL, *UZ, Leuven and ZOL, Ghent*
- 12.00 Radiofrequency ablation  
J. HARINGSMA, *AZ Dijkzigt, Rotterdam*
- 12.20 Panel Discussion
- 12.40 General Meeting
- 13.00 Walking buffet

## Afternoon session

### NEW ENDOSCOPIC METHODS IN CANCER SCREENING

Chairs : P. PELCKMANS, *UZ, Antwerpen*  
V. GILLARD, *CHU, Liège*

- 14.15 Enhanced endoscopic diagnosis  
Th. PONCHON, *Edouard Herriot, Lyon*
- 14.45 Barrett oesophagus  
D. DELOOZE, *UZ, Gent*
- 15.05 Stomach  
J.-Cl. DEBONGNIE, *Saint-Pierre, Ottignies*
- 15.20 Pancreas  
P. DEPPEZ, *UZL, Saint-Luc*
- 15.35 Colon in normal population  
and high risk groups  
M. BUNET, *UZB, Saint-Pierre*
- 15.55 Colon in I.B.D. patients  
M. PEETERS, *UZ, Gent*
- 16.10 End of meeting
